

# Are you ready for the COVID-19 vaccine?

## YOUR HEALTH PLAN SOLUTION

### Member Vaccination Readiness

During the ongoing COVID-19 pandemic, health plans have played a critical role in helping to keep their member populations healthy and safe. With the recently approved COVID-19 vaccine rollout now getting underway, health plans need to implement a vaccine administration strategy to ensure their members' health, safety and satisfaction, while driving plan performance.

#### EnlivenHealth™ Member Vaccination Readiness: Prioritizes members, schedules vaccinations and reports to registries and health plans

Our new Member Vaccination Readiness program enables health plans to create and implement an efficient strategy that ensures members are vaccinated for COVID-19 as quickly and safely as possible. By leveraging EnlivenHealth's industry-leading communications solutions, advanced data analytics capabilities and national network of more than 30,000 retail pharmacies, our exclusive program risk-stratifies members for prioritization, provides hands-free scheduling of vaccination appointments at local pharmacies and tracks and reports completion to the CDC and health plans. Member Vaccination Readiness gives you the support you need to ensure that your members get vaccinated in the most timely and safest way possible.
